A/PC use of Source DS-803

25X1A9a A/PC has found the past reporting of Source DS-803 of considerable value. It is believed that the source can contribute much valuable information on the fields of interest of A/PC which would not be available from any other source. Mr. [REDACTED] would like to interview the source for about 20 hours and present requirements to the source apart from the interview which would utilize another 20 hours of the source's time.
